**Subject:** Forthcoming Coalition Letter re: Kroger/Albertsons Merger

Good morning Elizabeth, Jen, and Holly,

Following up on this week's senate hearing, the Open Markets Institute put together a coalition letter of farmer and consumer advocate organizations urging the Federal Trade Commission to block Kroger's takeover of Albertsons.

We'll be sending the letter later this morning and I wanted to give you all a heads up. We'll send the first copy to the [antitrust@ftc.gov](mailto:antitrust@ftc.gov) e-mail and I'll send another copy to you all as well. If there are other staff that I should send it to, please let me know!

Also I believe a reporter from Reuters will reach out to the FTC for comment on the letter later this morning.

Thanks for your consideration,  
Claire
