Hey there!

I hope you are well. I'm doing ok in the new job. It's fun and energizing. But, it's also a little new and different to be a senior leader at such a large organization. Trying to get used to it.

One of the things that we are going to be doing at our weekly senior leadership meeting is building in an equity and inclusion standing agenda item. We're setting aside 15 minutes for a topic that will be managed in rotation (sound familiar?).

I was wondering if you'd be able to share CBPP's norms and commitments listing with me. I just got a suggested list from my crew and they are not quite hitting the mark with me. I'd love to see another list to help explain where I'm trying to go.

Wishing you the best – and am deeply appreciative of all that you taught me. Trying to share some of it with others!

Hey there,

Sherry reported that she's gotten an update from you all re: interest in the indefinite and first quarter advance. She's asked us to come in and talk. Can you catch me up on what you've learned? I would love to grab you sometime today if possible. (b) (6) I'm free for the next hour and after 4 if that might work.

And, Happy New Year!
